21번과 22번

다음을 듣고, 물음에 답하십시오.

W: Good afternoon, everyone. Imagine you're going to stay in another country for about two weeks. How many words do you need to know to survive there? Probably, you should be able to say things like, "Where is the toilet?" or "How much does that cost?" For example, I visited France last month for my business trip. Before going to France, I studied survival French. So when I met my business partner, I could introduce myself in French and that gave him a good impression. My experience tells us, if we spend some time studying basic foreign language, it can be a great help to us. When you travel abroad next time, please remember what I told you today. Thank you.
